

TECHNICAL DATASHEET

RSG POLIBLITZ ABEK 15 & ABEK 15 Ex

Discription

Filter type emergency respirator for escape from buildings and industrial areas in case of accidental pollution by toxic gases or vapours. Type A-B-E-K, lasts at least 15 min. according to the DIN 58647-7. It doesn't give protection from dusts, fumes or carbon monoxide. It is not therefore suitable in case of fire.

POLIBLITZ ABEK 15 as emergency respirator is for its nature a single use device, but it has been designed for considering reconditioning after possible use or reaching filter expiration by authorized personnel.

- One size fits all faces.
- Very quick donning.
- Equipped with exhalation valve.
- Its protection can be completed with goggles.
- The filter can be replaced after use.
- Weigth: approx. 410 g

Aproval

These products comply with EU 2016/425 Regulation for Personal Protective Equipment and are thus CE marked. The respirator is available in POLIBLITZ ABEK 15 "Ex" version: ATEX approved, according to the 94/9/EC ATEX Directive. It is suitable for use in potentially explosive atmospheres. The device is of Group II (for civil and industrial environments); Category 1, for 0 and 20 zones (by far the zones with the highest risk of explosion).

Product approval by: ITALCERT – ITALY - Notified Body number 0426

Production Control Module D: ITALCERT; ITALY - Notified Body nr. 0426

Marking on the product: DIN 58647-7

Materials

Carrying case, whose design is innovative and very functional, is impact resistant and perfectly sealed by adhesive strap with a belt carrying clip in steel. Instructions for use and pictogram are printed on the box.

Rubber half mask.

- Rubber harness, easily adjustable.
- Multi purpose gas filter type A-B-E-K allows protection against organic and inorganic vapours (including chlorine, cyanidric acid, hydrogen sulphide), sulphur dioxide, ammonia and derived substances.

Storage

POLIBLITZ, in its original packaging, can be stored in environments with temperature between -10°C and +50°C, and in the presence of humidity lower than 90%.
